Voluntary Slavery and Human Trafficking Statement

We oppose slavery and human trafficking in all its forms. This statement sets out the steps we have taken in 2022 to ensure that there is no slavery or human trafficking in our business or in our supply chains.

Beyond Governance Limited is a privately owned company, and we provide management consultancy services within the UK.

Our annual turnover is under £36m. Although we are not required to make a modern slavery statement under section 54 of the Modern Slavery Act 2015, we are making this voluntary statement to show our commitment to ethical trading principles and to set out the steps we are taking to identify risks and tackle modern slavery and human trafficking in our business and in our supply chains.

Our supply chains mainly consist of suppliers in the UK.

We are committed to ethical trading principles and to acquiring goods and services without harm to others.

We provide training to our staff in order for them to understand the risks of modern slavery and human trafficking in our supply chains.

This voluntary statement is made for the financial year ending February 2022.

It was approved by the board on 22 July 2022.
